Dear Recruitment Coordinator

I am the holder of a Bachelors of Arts degree in Sociology and a Master of Arts degree in Photography with a specialization in qualitative methodology that is interested in the employment position available with your company. You will find that my vast array of skills and over ten years' experience working with the public compliment the challenges you require as a productive addition to your team.

As such, I am a well-versed researcher, writer, and presenter familiar with hands on know-how to facilitate groups, complete reports, and finish projects. From 2011-2014 I worked closely with the public leading workshops as a part of Vancouver Coastal Health and B.C. Justice at the Vancouver Community Court in the Downtown East-side. In addition, I have raised \$10,000 for Greenpeace, and have sold over \$100,000 in merchandize and services in total. From 2000-2010 I worked as a sales person, cashier, and shipper/receiver for the retail industry where I grew a genuine talent for client services and hospitality.

Throughout my experiences I have also learn to utilize various computer technologies, and am familiar with software programs like MS Word, Photoshop, Illustrator, Final Cut Pro, as well as POS sales systems. Similarly I have a sound comprehension of common media platforms, and can type over 50 words per minute.

In my spare time I support various community organizations, exercise regularly, and enjoy going to art galleries, museums, and concerts. Recently I have completed a six month internship as a groundskeeper for yoga retreat where I actively volunteered in seasonal events such as family week and the strawberry social.

In all, I am a versatile professional with the skills you require of a qualified addition to your organization. In light of my wide array skills and experience, I would appreciate the opportunity for an interview where we may further discuss how I may meet your needs as an employee of your organization as well

Thank-you.

Regards,

Mark Hoge
